Job Search Status

I am seeking an extremely challenging technical and (or) managerial opportunity and am willing to relocate or work remotely.

Introduction

I am a **PRINCE2 certified, full stack, technically versatile and process driven entrepreneur** with more than a decade of IT experience. I have been researching, architecting and managing projects for about last six years.

I currently work as Director - Technology at OurCompany (Co-Founder), which facilitates IT operation of Multinational companies. This is my fourth year in this role.

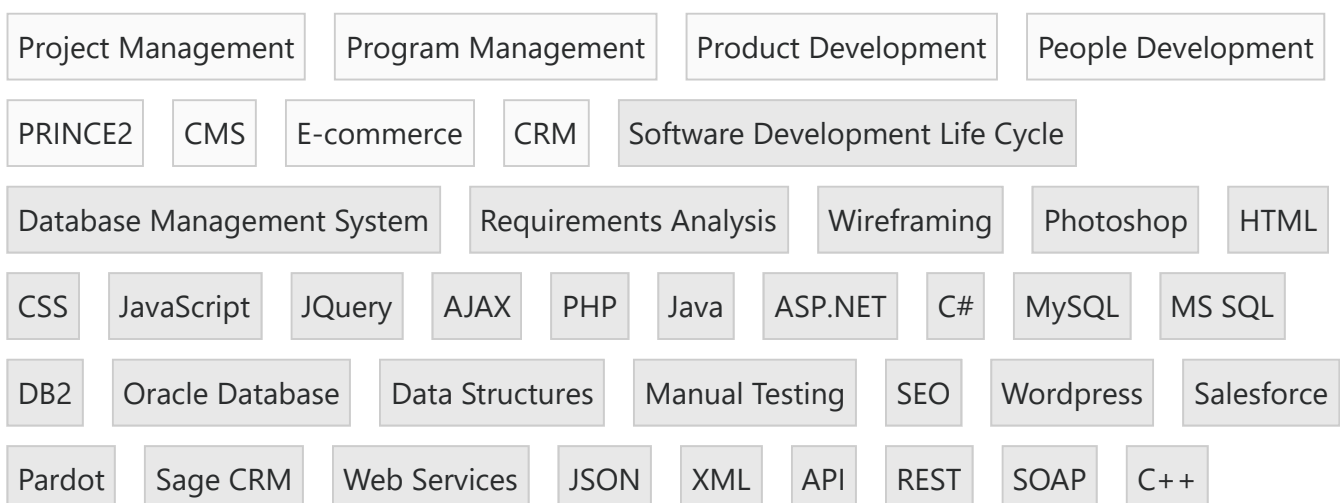

My dream is to utilize information systems, to enhance and add value to human effort, by micro managing myself and macro managing diverse teams.

Experience

OurCompany (2015 - Present)

Co-Founder and Director - Technology (~10 Employees)

My role involved managing technology with an exciting team and happily satisfying CRM, CMS, E-Commerce and other IT needs of multinational companies.

Company Website is <http://www.ourcompany.co.in>

- Co-built an IT Company and after a tenure spanning more than 3 years I have the knowledge and skills to setup and manage a small IT enterprise.
- Helped marketing teams track campaigns, nurture leads and meet targets utilizing Pardot.
- Learned, maintained and customized Salesforce and Sage CRM for multiple clients.
- Developed an E-Commerce websites using Wordpress - WooCommerce Integration.
- Developed large-scale custom E-Commerce website in PHP using a framework I created.
- Integrated PayPal, Realex, Amazon Pay, Stripe and Cash on Delivery as Payment Methods for custom E-Commerce Projects using respective APIs.
- Experience in Caching, Internationalization and Localization of websites.
- Integrated Linnworks using its APIs. Linnworks helps in Multi-Channel E-Commerce aggregation and management.

Admod Technologies Pvt Ltd (2012 - 2014)

Project Manager (100+ Employees)

I managed a heterogeneous team skilled in various web technologies. At various instances was involved in requirement analysis, providing technical inputs, resource mapping, task allocations, control, delivery and team management and billing computations. I also worked in parallel as an Individual Contributor in Java for clothing major.

- Learned and implemented website in JAVA.
- Performed Program Management.

Diff Technology (2011 - 2012)

Project Manager (10+ Employees)

I delivered around 30 mid-sized and 3 large projects mainly for Irish / UK clients. Some of the websites involved large, complex and custom functionality, payment gateways and social media integration. I was the point of contact at offshore and managed business logic, user experience, programming, testing and timely deliveries.

- Performed Project Management.

Fingent Technology Solutions (now Fingent Corporation) (2009 - 2010)

Technical Lead (100+ Employees)

I co-ordinated team and also developed ASP.NET and PHP sites involving in its complete life cycle using HTML, CSS, JS and JQuery, ASP.NET and PHP. I also converted a medium sized website from PHP to ASP.NET.

- Learned Wire framing, Photoshop, HTML, CSS, JS and JQuery, PHP and ASP.NET for creating websites.
- In short became Full Stack Developer.

Tata Consultancy Services (2005 - 2008)

ASE - (Quality Analyst, Module Lead) (100,000+ Employees)

My role primarily centred on quality assurance - both manual testing and automation testing. I worked using Quality Center for tracking and QTP for automation. I worked with following clients

1. Bank of America (Module Lead)
2. AMEX
3. SDWorx

I was also part of implementation and user training team at Law Department, Government of Kerala.

- Learned Quality Assurance.
- Understood importance of Process.

Achievements

- Early employee of **Fingent Technology Solutions (now Fingent Corporation)**.
- 50+ Salesforce Trailhead Badges, 50,000+ Points and **Expeditioner** Trailblazer Rank.
- Completed **24 hours certificate course** in **Transactional Analysis** in Psychology.
- Ranked **3rd** in **Regional Mathematical Olympiad** and **Distinction** in **1998 International Competitions For Schools (Mathematics)**.
- Scored **326/340 in GRE** in November 2013 and **112/120 in TOFEL** in December 2013
- **Certified Tutor Vista e-tutor** for Middle Grade Mathematics. I taught few US middle grade kids and it was immensely memorable and heart-warming. I would rate it on top.
